Welcome to SBC Oxford Summer School

SBC Oxford is a truly international summer school experience, where young learners from over 40 countries study together during the summer. Located at the Dragon School, students can develop confidence in English, enjoy a varied activity and excursion programme, make international friends and have an experience they will never forget.

Academic Programme

All students receive 15 hours of English lessons per week. Our lessons, with a maximum of 15 students per class, provide a fun and comfortable environment for our young students to learn in. SBC Oxford students can choose from:

General English

For all levels, from beginners to advanced, our General English lessons focus on improving vocabulary, grammar, reading, writing, listening and speaking in English through communicative and varied activities and projects.

Junior Summer Study

For students with an upper intermediate or advanced level of English, this communicative course focuses on improving English language skills through interesting and engaging subjects, including History, Science, Literature and Creative Writing.

All SBC Oxford students participate in our Time to Shine lessons twice weekly, which include a series of dynamic, interactive challenges for students to complete in teams. Through these lessons students can develop skills in communication, collaboration and creativity in a practical setting, all whilst having fun.

“Our son was eager to participate everywhere, the activity program was fun, we were seeing the blog, everything looks like fun, it seems great and Nick was so excited about all the activities.”
